

Priyanshu Verma

(Full Stack Developer)

📍 Noida ✉ priyanshu.vermaa0@gmail.com ☎ 885 893 1470 📁 portfolio in linkedin 🐙 github

Objective

To kickstart my career as a React.js Developer in a dynamic and innovative organization that offers a challenging and supportive environment. I aim to leverage my skills in building responsive and scalable web applications while continuously learning and contributing to the company's success. My goal is to grow both personally and professionally in a collaborative team setting that values creativity, learning, and technological advancement.

Experience

SmartBrains Engineers Technologist Pvt. Ltd.

Oct- 2024 – Present

(UX/UI, MERN (Training))

- Learning, implementing, and developing MERN applications, and working on live projects.
- Creating Figma designs and translating them into functional UI/UX solutions.
- Training program funded by Accenture with certification through NASSCOM Foundation.

Code Alpha

Sep 2023 – Dec 2023

(Web Developer Internship)

- Developed and implemented a simple, responsive, and user-friendly interface with a navigation bar.
- Collaborated with the backend team to integrate APIs and solve issues during the development cycle.
